

# SONS OF NORWAY

## Membership Fundraising Alert!

The Petersburg Sons of Norway Hall 501(c)(3) non-profit has recently been presented with a wonderful challenge opportunity by Petersburg Mental Health Services to match 100% of donations up to \$10,000 towards the resurfacing and much needed maintenance of the Hall's parking lot! The donated funds will be used to purchase materials and pay Rock-N-Road Construction for the use of large equipment and operators needed to demolish and remove the failing decking, and transport the waste for disposal. Rock-N-Road has generously kicked off this project with their donation of a portion of the milled timber (\$3,000 value) towards the project – Thank you! Considerable donations are still needed to fund the transport, setting, and installation of the new decking, as well as volunteers to help fasten the planks and re-attaching curb stops, lighting, and safety rails. Please let [Wendel Gilbert](#) or Kurt Kvernvik know if you would like to volunteer for this aspect of the project!

The Board hopes that this fundraising request and matching opportunity will spur our members to donate to our organization. Lets make good on this awesome matching opportunity *generously given* to our non-profit by Petersburg Mental Health Services, to allow our organization to bring back a fully-functioning parking lot that will safely support continued community activities at the Hall!

Hilsen,  
Sharon Wikan, Rhoda Gilbert & Glo Wollen
